### DETAILED ACTION

1. The following is a Notice of Allowance in response to the Amendment received on 2 February 2009. Claims 1 and 12 have been amended. Claims 1-25 remain pending in this application.

### REASONS FOR ALLOWANCE

2. Claims 1-25 are allowed.

3. The following is an examiner's statement of reasons for allowance:

As per claim 1, the prior art of record taken alone or in combination fails to teach said first region comprising a region where the second protective barrier is not applied and including said transition region; treating a second region of said processing element in order to improve adhesion of said second protective barrier, said second region comprising a region where the first protective barrier is not applied and including said transition region; and applying said second protective barrier to said second region such that the second protective barrier overlaps the first protective barrier only in the transition region of the first and second regions.

As per claim 12, the prior art of record taken alone or in combination fails to teach said first region and said second region overlap only in said transition region such that the first and second protective barriers overlap only in the transition region of the first and second regions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
